

A universal ventilating dry ridge and hip system for concrete and clay.

The Universal Roll Fix Kit is a universal ventilating dry ridge and hip system suitable for ventilating most concrete and clay ridge and hip tiles. Available in 3 colours to blend in with the roof, it comes in a practical all-in-one kit.

Features and benefits

- Mortar free, making it quick to install in most weathers.
- Universal ridge seal.
- Premium ridge roll with stainless steel fixings.
- Highly durable - UV stable and water and wind resistant.

Area of application

- Suits most clay and concrete ridge tiles.
- Can be used with 300mm clay ridge tiles when used with the clay conversion kit.
- Can be used on hips, however trays and clips are not included (See table below).
- Suitable for new build and refurbishment.

Related products

- Flashing Glue PACCGL*
- Ridge End Caps KR9772/KR9773.

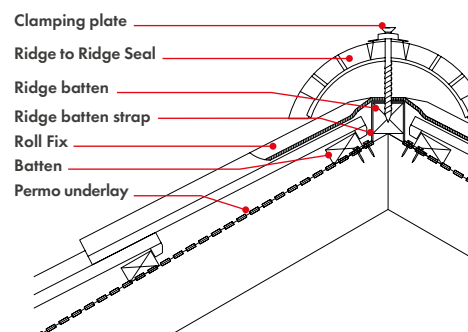

Approvals and certifications

- Complies with BS 5250 for ventilation, BS 8612 for performance and BS 5534 for mechanical fixing.
- Manufactured to DIN 4108/3.
- All products supplied by Klobber Ltd are covered by a 10 year guarantee against manufacturing defect.

* Recommended to help fix the butyl strip in damp conditions.

Typical section

Ridge detail with half round ridge tiles
